Central  
Bedfordshire

### £150 FUEL REBATE UPDATE

In the past we have informed our readers of our large council area with its population of 300,000 and its rural character making us one of the larger councils in the UK. The Council has now identified all those non direct debit payers who qualify for the rebate and from mid June have been sending out letters to them, enclosing vouchers redeemable at the Post Office. The Government has given councils until September to complete this.

## NEWS FROM BIGGLESWADE ORGANISATIONS

Nick Gurney attended the annual Royal Garden Party hosted by members of the Royal Family on Wednesday May 25 at Buckingham Palace. Each year the Queen hosts a garden party to honour and recognise public service. Nick was nominated to attend the Royal event by the Bedfordshire Lord Lieutenant in acknowledgment of his services to Scouting and the community.

Over almost 40 years Nick has volunteered his time to support Scouting in Biggleswade. He has organised and put on numerous Gang Shows, involving hundreds of children and leaders. He has taken part in charity events, camps, tree planting, and so much more to help enrich individuals lives for the better. One of his notable achievements is the naming of Baden Powell Way in the Kings Reach estate.

Nick said "The Royal Garden Party was an honour to attend and an amazing day. I went with my wife Babs, who is a Brown Owl in Biggleswade Guiding and who has supported me over the years". Nick's daughters, family and friends are all incredibly proud of him and are very happy that he was able to attend one of the famous Royal Partys.

**Biggleswade Living Streets** is a local branch of the national charity. We are only the 2nd Living Streets group in Bedfordshire and we aim to help people make the choice to walk and cycle more often, and to campaign to make our streets safe and accessible for everyone. We also organise walks and rides for people at all levels and on the 9th June we did our first bike

ride taking in 4 miles of the Greenway. Aimed at beginners, this ride was at a very gentle pace. Look out for future events. Get in touch to hear more about what we are doing, join our mailing list, or just say hello at [Biggleswadegroup@LivingStreets.org.uk](mailto:Biggleswadegroup@LivingStreets.org.uk), Biggleswade Living Streets on Facebook or our website [www.EnjoyBiggleswade.co.uk](http://www.EnjoyBiggleswade.co.uk) Happy walking, wheeling, scooting or cycling.

**Editors Note:** We are so pleased to be able to include details for this year's cycle meets, as cycling and Dan Albone are a major part of our heritage. So much so that some local groups, including our own, have taken the cycle as our logos. Des Ball is an inspiration to many of us, as he is involved in a number of different groups and projects. He was instrumental in arranging the Lawrence Road Jubilee Street Party, which we are told was a great

### BIGGLESWADE GREEN WHEEL ON TV!

In the 31st May (series 22 ep 52) edition of BBC's Escape to the Country, its presenter was helping a St Albans couple to look for a more rural home within Bedfordshire. The properties chosen were all nearer to the Northamptonshire border and in the end their couple decided it was just too long a journey back to South Hertfordshire and North London. In each episode the presenter also focusses on an area of the chosen county and this time it was

Biggleswade! Perhaps properties in our own picturesque villages may have been a better idea!

Showcasing the Biggleswade Green Wheel its presenter spoke to Cliff Andrews, deputy CEO of Bedfordshire Rural Community Charities, (BRCC) and to Janette Sibley from the Central Bedfordshire Walks for Life programme- both well known local residents. They spoke of the openness and beauty of the countryside on our doorstep and the Green Wheel circular walk.

Many people move to our town for various reasons, not least for its affordable housing and the good A1 road link back to South Hertfordshire and London's tube network. For some of us a more urban facilities setting may be preferred, but still with green fields on our doorstep.

**REMEMBER** – if you can't access the Internet ring us on 01767 448954 and we will try to assist.

## 72<sup>nd</sup> ANNUAL CYCLE RACE 1pm SATURDAY 9<sup>TH</sup> JULY FAIRFIELD SPORTS GROUND, FAIRFIELD ROAD, BIGGLESWADE

In 1886 Dan Albone built his Ivel Racing Bicycle. This was a 27lb piece of equipment. We are now 136 years on and whilst Dan Albone is no more the spirit of the bicycle racing goes on. On 9<sup>th</sup> July 2022 there will be the 72<sup>nd</sup> running of cycle racing on the Fairfield Sports Ground, Fairfield Road, Biggleswade. This year the programme includes the Ladies

National Championship being held over 5 Km. Not to be outdone the men will be competing in the two National Leagues, short distance and endurance. The first of these events will be held over 600metres and the latter over 8Km.

The Biggleswade Sports have over the years moved away from mixed programmes to wholly cycle racing. Dan Albone may well have been interested in where cycles have changed, from being made of mainly steel construction to the present rather lighter carbon fibre and aluminium bikes seen today. The weight would have rather surprised Mr Albone with the cycles reducing from his 27lbs to a current 9 Kg. Interestingly 8.6 Kg is the Union Cyclism International's minimum weight for track bicycles. The cycles in the photograph will have the usual treaded tyres used in grass track racing. The bicycles themselves will only have one (fixed) gear and do not have brakes other than the one gear on the bicycle that does not freewheel as a normal road cycle.

Over the years the event has metamorphosised from being an athletics meeting, to being a local show, to its present format of being a 100% cycling meeting. Over the whole of this period Des Ball of Biggleswade has been involved, initially as an athlete, to being an organiser to be, as he is at present, an essential part of a Biggleswade event. Des marks to track, arranges the PA, runs the raffle, aids in the catering and collects sponsorship. In an age where many sports are finding the organising of events ever more difficult, Des's commitment at the ripe age of 95 years is a true inspiration to organisers in general.

A few years ago I was asked "If I had ever thought of joining Rotary". I replied, "It's a professional businessmen's club isn't it? I don't think women can join. You had better check your details and get back to me." My answer was ridiculous of course and the person asking me knew that he was right and well within the membership rules of the club.

However, he left it a couple of weeks and asked me again. He told me the club meets every week for lunch and then continues with a meeting, discussion, a speaker or activity. I knew nothing about Rotary but joined and have learnt all about it by going to the meetings. It is the best thing I have ever done and I can recommend it.

Our members meet on a Tuesday lunchtime for the first three weeks of the month and in the evening on the fourth Tuesday. We have a one course meal and tea or coffee. I enjoy it and I have done many things and met many people I would not have done if I had not joined. If you feel like trying something new, plan to come along to a few meetings. You can come for a few weeks to try it before joining, or attend the meeting without having a meal if that is what you would rather do. If Tuesday lunchtime does not suit, we would still like to hear from you as we are considering other options and changes to our meetings to suit new members. If you would like to book in for lunch or would just like further information contact Barbara on 01767 601813 or email [Biggleswaderotary@hotmail.com](mailto:Biggleswaderotary@hotmail.com)  
We look forward to hearing from you.

Can you help Preen find a new building? The current one is falling apart - leaking roof, windows falling out, cracked walls - and with the glass roof it is baking in summer and cold in winter. It would cost £800 a week to heat the space this winter! They love where they are now - but the buildings are beyond repair and they don't own the site so can't raise funds to redevelop it.

Biggleswade is an amazing community and they are really proud of the small (but important) contribution they make here. They would be very sad to move away - but have now got to seriously consider places like St Neots, Hitchin, Bedford or Letchworth where there are plenty of large buildings, cheaper rents and lots of people who would use them. They have to make a final decision about the future in September - so they can plan for the busiest winter months.

After 5 years of trying, this is really a last-ditch attempt to find a suitable base in Biggleswade. They are open to any suggestions, will listen to all advice and work whatever hours are necessary to stay local. Can you help? [Kathy@preencic.org](mailto:Kathy@preencic.org) 07971 317757
